

Progress Update & Strategic Outlook

Our Mission Reminder

We are here to listen to and amplify the voices of women: building a network that accompanies and forms them for mission.

Amplifying Voices: Feeding grassroots concerns directly to the bishops and the wider Church.

Safe Haven: Providing a sheltered, recognized space where women feel truly listened to.

An Exceptional Structure

Unlike traditional, siloed organizations, we operate predominantly through a relational network of organizations, individuals, and parishes.

Our Operational Footprint

*"We operate from a small core,
but we have influential tendrils
across the nation."*
